Journey for Excellence

ALPHA began its journey in 1995 as fabric manufactures under the leadership of experienced entrepreneurs, aiming to become the trendsetter it is today.

The entrepreneurs at ALPHA were aware of the fact that short lead time played a vital role in the modern apparel industry. So, it based itself in Faisalabad the heart of Pakistani textiles. ALPHA hired an experienced work force to ensure product quality and safety.

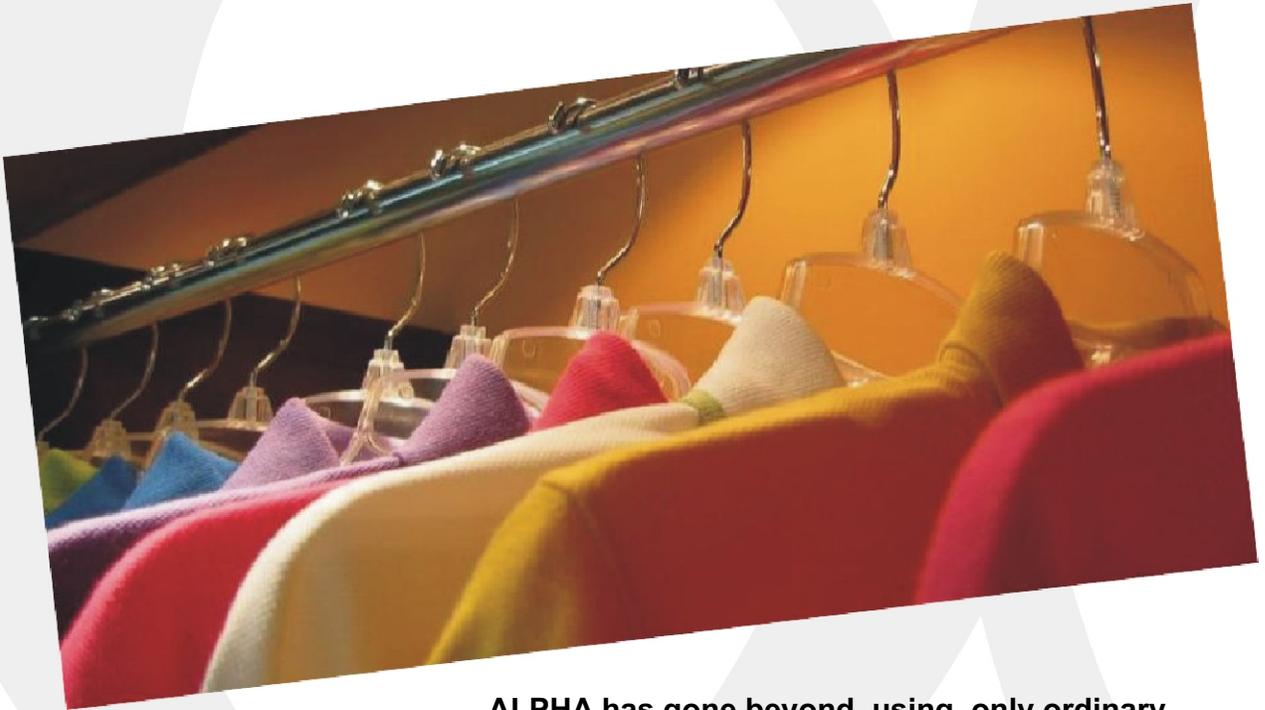

The factory complies with BSCI, SEDEX, SA8000, OCS & GOTS and hence has emerged as a complaint and customer focused organization that has contributed to social development and is known for being eco friendly.

ALPHA has grown from being a fabric manufacture to composite knitwear manufacture with a capacity of producing over 2.5 lac pieces of garments and 300 tons fabric each month. For us sky's the limit .

Products

Over the years, ALPHA has manufacture a wide variety of basic products like ladies and kids wear, sweatshirts and polo shirts etc. Currently ALPHA manufactures specialized knitwear products in line with market trends.

ALPHA has gone beyond using only ordinary yarns such as cotton , polyester, CVC, PC etc. It now make use of rayon, modal, pima and fair trade yarns.

We also manufacture technical fabrics such as Viscose and Sulpex using cutting edge technology.

Capacity

ALPHA has always been pushing the limits of its capacity and can now handle volume orders with ease. As a composite manufacture. ALPHA advance from knitting to garment manufacture at a competitive scale. Our fabric unit powered by superior European machines is capable of producing 10 ton fabric daily. Over the years we have been increasing our manufacturing capacity to cater to client volume orders in a short lead time. We have inducted Auto Gerber Cutter to cutting department to increase production on a continues basis.

Also have added Octopus automatic printing machine and inline table printing. Another new automatic Embroidery machine and stitching units has increased production capacity from 1 lac to 2.5 lac pieces.

Quality Control & Assurance

The Quality Control and Assurance team comprises the best foreign experts. They have trained our staff on each stage of processing with particular focus on industry best practices and quality. Due to our firm understanding of quality regulations, we can meet the best Acceptable Quality Limits (AQL).

ALPHA's QA team leaves no room for error and can readily assure superior product quality to clients. At ALPHA, client satisfaction means company satisfaction. We have our own in house lab to ensure standard testing quality.

Work Place Environment

As a responsible apparel producer, ALPHA provides employees a work environment that is rated to be well above the required level. We have installed and upgraded lighting, ventilation and ergonomics. The goal is to exceed requirements of local legislation and achieve global standards, and thereby support clients' images and sourcing principles. Clearly demarcated emergency routes and exits, smoke and fire detectors, and consciously designed working layouts ensure a safe workplace for staff.

As per local law, instructions and warning signs have been put up in highly visible places, inside the factory and in local language (urdu) . Moreover, usage of metal gloves for fabric cutting, needle guard for sewing and other similar safety measures significantly help reduces work related accidents at ALPHA.

Safety & Integrity

ALPHA strictly adheres to ethical business practices. It complies with regulation as a continuous process, and exceeds local legislation to meet ILO convention in terms of employment practices and safety. Our Compliance Management Team monitors and reviews the various activities performed throughout the organization.

For the safety of our workers, We have improved workplace conditions, set up noticeable warning signs in the local language, ensured the usage of safety equipment and created awareness among the workforce. The workplace has clearly demarcated emergency exits .

ALPHA strongly opposes forced labor, child labor, racism, discrimination and exploitation of workers, and makes every possible effort to discourage all this. We employs individuals solely on the basis of their qualifications.

Corporate Social Responsibility

ALPHA believes that it is our social responsibility to serve the Society at large. We have installed mineral water treatment plant for provision of healthy and clean water to the Local community. ALPHA Welfare Society helps the needy to get married and provides them interest free loans for their small businesses.

ALPHA skills development school provides free of cost training helping people with gain technical knowledge to earn better and become a successful citizens of the society.
